

Transfer of Domain Name

This form is to be filled out by both resigner and new holder in order for the transfer of the specified domain name to take place between the following legal or natural persons.

Note that the form must be signed by both parties. When a legal entity is involved, only a authorized signatory can sign the form. The form applies to one domain name. Should multiple domain names be transferred there must be one form per domain name filled in. The transfer also applies to additional services in case there is one or more attached to the domain name.

For your security, we want to ensure that a qualified person is applying for the transfer. To ensure this, a copy of a ID document for both parties needs to be attached. This form must be posted to us in original format. Incomplete or incorrectly completed form is not dealt with, feedback occurs regardless of whether the transfer is able to be supplemented or needs to be fully recreated.

Note: If given domain is a "Cheap domain", this action is subject to fees according to this pricelist <https://www.svenskadomaner.se/en/pricelist>
